Terrorists' Gun Battle With British Troops

NON-STOP FIRING ON JAFFA POLICE STATION

Two Armoured Cars Blown Up: Attack Opens With Three Heavy Explosions

JERUSALEM, March 9 (APA).—Fires set off by explosives and gunfire raged in the wake of an hour-long battle between a terrorist band attacking the Sarona military camp and Citrus House, British Military headquarters in Tel Aviv last night.

A reporter telephoning from the headquarters told the Associated Press of America that the battle was waged for an hour and quarter and that some shooting was still going on.

It was officially announced that Citrus House was under fire by unknown gunmen, it was officially stated during the same period.

Casualties were reported this morning as one British Coldstream guard and four terrorists dead and one British constable, one Arab constable and 15 Jewish terrorists wounded.

Other terrorist attacks in Jerusalem, Haifa and at the Tel Aviv-Jaffa road-block resulted in wounds or injuries to eight people, including three British soldiers and two police.

TWO ARMoured CARS BLOWN UP

The official announcement added that a detachment of troops had been fired on by mortars in another section of Jaffa and that two armoured cars were blown up at Citrus House.

A military car park, a small hut and a petrol filling station in the area were also attacked with Bren-guns, machine-guns and electrically detonated petrol tins, it was officially stated.

Guards of the headquarters at Citrus House engaged in a street gun battle with the terrorists.

Many power lines were cut by flying bullets in the Citrus House area and parts of Tel Aviv were thrown into darkness.

An army official said that the attack opened with three heavy explosions in the Sarona camp.

An explosion and fire was also officially reported in the Jaffa police station skirmish.

CAUSE OF ATTACK

The attacks on Citrus House and the Jaffa police station followed the official announcement of the arrival of an uncertified Jewish immigration ship—the "Adril"—off Haifa, and unofficial report of the arrival of a second illegal immigrant ship also off Haifa.

Reliable Jewish sources said the "Adril" was carrying approximately 600 European Jewish refugees. A government spokesman said he could not confirm the arrival of the second ship, but that he was investigating the matter.

The second Jewish illegal immigrant ship to reach Palestine territorial waters today has been boarded by the Royal Navy, it was officially stated here tonight.

MADRAS MINISTRY TANGLE

Congress President Calls For Co-operation In Efforts At Reconciliation

MADRAS, March 9 (A.P.I.).—"I have nothing for the press at present about the ministerial question in Madras except that I shall try my best to reconcile the people, if that is possible." With these words, Acharya Kripalani, Congress President greeted pressmen who met him at his temporary residence at Adyar soon after his arrival here.

Mr. Kripalani added: "I have come a day earlier to see the Madras ministerial problem. My future programme in Travancore and other places depend on the time I take to finish my business in Madras. My main and only business here is reconciliation of the people on the ministerial question. If all people are anxious to help me, I would not take more than 24 hours to settle the question."

The Congress President said that he was not accepting any public engagement in the city and that he would make another official visit for that purpose. He added "at present I am solely concerned with the ministerial problem."

It wants a United India. If that is not possible and if people must murder each other, then the Working Committee recommend the division of the Punjab into two Provinces."

Replying to another question whether the same thing would hold good for Bengal also, the President said: "I should think so if the conditions are the same in Bengal."

To a further question, the Congress President said that they would wish the establishment of a sovereign Pakistan State as such.

At the same time the Congress has made its position clear."

It is well-known that many documents have been signed by the Crown Representative and the Indian States defining their relations and these documents have been treated as strictly confidential. Only a chosen few can have access to them.

SOVIET TURN DOWN U. S. PROPOSAL

No Intervention In Hungarian Affairs Will Be Allowed

MOSCOW, Mar. 9 (Reuters).—The Soviet representative has now replied to and rejected the American proposal for a joint investigation of the present situation in Hungary, made in the United States note of protest to the Russian Chairman of the Allied Control Commission for Hungary against alleged Soviet interference with the non-Communist Hungarian Government, Tass, the Soviet official news agency, said today.

Li-Gen. Sviridov in his reply said that he could not agree to a joint investigation of the present situation and of "conspiracy" because "this would constitute direct intervention in the internal affairs of the Hungarian Republic and gross violation of the lawful right of the Hungarian People's Court."

Referring to the American belief that the arrest by the Soviet authorities of the Smallholders' Party, was the result of "an unwarranted" charge, Gen. Sviridov said: "I cannot regard your intervention in Bela Kovacs Case in any other way than an attempt to encroach on the lawful rights of the Soviet occupation authorities to defend their armed forces in the territory of Hungary, and, therefore, I cannot agree to such intervention by the United States."

"The arrest of Bela Kovacs for acts directed against Soviet occupation forces cannot be regarded as an intrusion by the Soviet occupation authorities into Hungarian internal affairs."

At 303, Gul Mohamed survived an appeal for l.b.w. off Sarwate who had displaced Gaekwad and registered the 350 of the innings at the same time reaching his individual 150. At this stage, C. K. Nayudu tried Surinder Singh and O. P. Rawal and then Gaekwad in place of Surinder Singh but to no avail. But the Baroda fourth wicket pair went on scoring at a brisk rate and when lunch was taken at 388, they were unseparated with 171 and 115 respectively.

RAPID SCORE
 Soon after resumption, the 400 of the innings was registered. The score mounted rapidly as the third Holkar bowlers came in for a lot of punishment from both the batsmen and Gul Mohamed soon reached his individual 200 after 302 minutes of play.

While Hazare was more restrained, choosing the right ball to punish, Gul Mohamed was very aggressive and repeatedly jumped out to slash almost everything. 450 and then 460 of the innings were registered in quick succession and when tea was taken at 470, Gul Mohamed had made 220 and Hazare 150.

With a straight drive to the screen,

Hazare sent up the 500 at the same time reaching his individual 180. When tea was taken, the pair were still together with Gul Mohamed batting 243 and Vijay Hazare batting 173. They had added 130 runs to the total after resumption.

When play resumed after tea, C. K. Nayudu took the new ball and entrusted it to Surinder Singh and Rawal. Gul Mohamed reached his 353 in a total of 532, fifteen minutes after the resumption and when 550 of the innings was registered Vijay Hazare was also rapidly approaching his individual double century.

With two successive hits for fours off Rawal and another four off Jagdale, Hazare reached his 197 and when the total was 572 he reached the double century mark.

When stumps were drawn for the day two runs later, Gul Mohamed and Hazare were still unbeaten with 269 and 200 respectively.

The fourth wicket partnership had so far realised 483 runs.

Singhs Title For Misra

BOMBAY, Sunday.

The last day of the C.C.I. Tennis Tournament revealed little. That the genius of Misra can still put India on the world map if only he gains some consistency was hardly in the nature of a revelation. His dismantling of Man Mohan at the cost of six games in all was efficient with many neat and often really brilliant strokes.

Even accomplished at lesser cost for as it could have been his opponent, irrespective of his being ranked No. 2 at the moment, was certainly at least two classes below him. Not so long ago, when the same opponents met in the final of East India Tennis Tournament at Calcutta, Misra conceded only one game in three sets. But then Misra is known to better on lawn than on the hard courts. Let us hope then, that he will find Wimbledon to his liking.

The men's singles final threatened to be a Marathon affair as all the four players were concerned in bagging their service games. It was not until the 19th game that Man Mohan lost his service and with it the set.

In the second set the game was won with services until the thirteenth game when again Man Mohan dropped his service and this time the match. However, all the three remaining players were serving exceptionally well and even volleying was delightful.

Close on this 32 game affair followed the final of mixed doubles in which all told the better pair won.

Mrs. Singh, however, afforded her partner for greater support than did Mehla's to him. In the resulting contest between the male players it was inevitable that Mehla should triumph.

Mrs. Sastri gained her first title in Bombay this afternoon when she counted for Miss Woodbridge in two straight sets at the cost of two games in the first and five in the second.

The loser made a gallant but unavailing fight in the second game to draw level at 5, but could do nothing right thereafter.

The results: Holders, Ghansu Mohammad, not defending (Final) Misra beat Man Mohan 6-2, 6-4.

Ladies singles: Holder, Mrs. Dayal

not defending, (Final) Mrs. Sastri beat Miss Woodbridge 6-2, 7-5.

Mixed doubles: Holders Misra and Man Mohan, (Final) Mehla and Kantawala beat Misra and Man Mohan 11-9, 7-5.

Mixed doubles: Holders Mrs. Allen and Irshad Hussein, not defending (Final) Miss Merchant and Mehla beat Mrs. Singh and Kantawala 8-6, 3-6, 6-2.

Coalition Govt. Alone Can End Punjab Riots Says 'Sunday Times'

LONDON, March 9 (Reuters): Prominence is given to the communal riots in the Punjab in sections of today's British Press.

Two influential papers 'The Sunday Times' and 'The Observer' both publish front-page despatches, which deal with riots.

'The Sunday Times' representative Joselyn Hennessey in a message from Lahore stressing that "tension continues in the Punjab" says "whether hundreds of innocent people will continue to be slaughtered and property destroyed depends on Mr. Jinnah and the Congress leaders in Delhi, rather than on events here."

"With 16,000,000 Muslims and 12,000,000 Sikhs and Hindus inextricably intermingled, a Coalition Ministry in the Punjab is the only solution. Today's disorder stems from the refusal of the provincial leaders of the Muslim League on the orders of Mr. Jinnah—after 1946 elections to head a Coalition on terms which would have satisfied the Sikhs."

DANGER AHEAD

Mr. Hennessey continues: "Today the stream of blood depends the gulf between the Muslims and Sikhs. The one hope is that Mr. Jinnah will appreciate that unless he allows the Punjab leaders to make their own terms with the Sikhs and Hindus with whom they have to live—terms which by no means necessarily exclude a loose northern confederation constituting the substance of Pakistan—the basic Pakistan Province will itself disappear in flames."

LEAGUE AGITATION DID IT

In a message bearing the headline "Communal rioting is checked by British troops," the "Observer" correspondent in Amritsar takes a similar view when he declares that the collapse of the Province's Coalition Ministry, as a result of the Muslim League's "agitation" against it, created the present situation.

Some of the points that "The Observer" correspondent makes are that the police, who were mainly Muslims were badly beaten up during the riots and that the presence of British troops is having a steadying effect on the situation, although panic is still widespread.

Coalition Govt. Alone Will Save China

LONDON, March 9 (Reuters): Unless China's present constitutional struggle can be satisfactorily settled, there is a danger that she is heading for anarchy and bankruptcy, declares today's London "Observer."

Dealing with the significance of Dr. T. V. Soong's resignation from the Presidency of the Executive Yuan, the "Observer" says: "Dr. Soong's resignation from the Premiership brings into sharp relief the constitutional struggle in Nanking. The outcome will show whether China is to be united and prosperous or split into three or four discordant states. The immediate need is for the Kuomintang reactionaries to end in strange contrast with his early reputation, Dr. Soong has become identified in the public mind with this detested clique."

"The paper says his resignation is welcomed as a proof of the new strength of democratic opinion which forced him out and still more for the hope that Chiang Kai-shek, who temporarily becomes Premier, will at last boldly take the leadership of the Liberals."

ADVERSE BALANCE

"They are eagerly looking to him and in the past year or two he has clearly been moving towards them. Unless this crisis can be satisfactorily met, it is the fear of all China's friends that she is heading for bankruptcy and anarchy. In a total trade of \$2,882,946 last year with Great Britain, and with America approximately 380,000,000 dollars in a total of 480,000,000 dollars. Fully three-fourths of China and the richest ports in the west and south and the Yangtze Valley are free from fighting and nominally under Nationalist control. But unchecked official corruption, inordinate taxation and the greed of transport companies continue to block the outflow of produce, which all the world wants and to drive currency further downhill.

Only a strong, genuinely popular government can put an end to these abuses and restore public confidence. And only thus can Communism be overcome."

"The paper adds: 'As Gen. George Marshall (now the United States Secretary of State) has pointed out, numbers of young men attracted to the Communists by disgust with the Kuomintang misrule, could be won back if convinced that Nanking is the seat of the national government of the All-India States' People's Conference to be held on April 15 next at Gwalior."

NEW DELHI, March 9 (A.P.I.): Mrs. Virginia Thompson, the celebrated American author, will be one of the observers deputed by the Institute of Pacific Relations, New York, to the Asian Conference. Her husband, Mr. Richard Adolph, will also be an observer.

Morari's Call To Scouts

BOMBAY, Saturday: "The scout movement in this country can do much to eradicate the party and sectarian feelings that now exist and train the youth to face the problems of the future with unity, breadth of vision and faith," observed Mr. Morariji Desai, Home Minister, declaring open the annual conference of the Hindustani Scout Association this afternoon. Delegates of various scout organisations attended the Conference which was held at the residence of Mr. Mangaldas Pakvasa, President of the Bombay Legislative Council. Mr. Desai called upon scouts and scout organisations to live up to the ideals of the movement, which in substance aimed at giving the youth of the country training in the art of discipline and co-operative action. "We are on the threshold of our freedom and it behooves the scouts of the land to help create an atmosphere where mutual ill-will and bitterness are replaced by envisioned harmony," he said.

ART OF LIVING
Mr. Mangaldas Pakvasa, who was elected President of the Conference, observed that a scout must be a disciplined soldier of social service in the broadest sense of the term. "We have forgotten the art of living as free men. We are yet to learn it. The scout movement in this country would pledge itself to the task of training the youth in this art," he said. Mr. Pakvasa was of the view that scout associations should not merely depend on Government help but seek public co-operation which was the only sure guarantee for their success.

Mr. K. G. Vaidyanathan, Hon. Secretary of the Hindustani Scout Association, read an interesting paper on the various aspects of the movement. Lady Rama Rao, winding up the proceedings, warned the scouts that work of a more intensive and far-reaching character awaited them. She reminded them that scout organisations in India had also an international character and had to forge the link of international brotherhood and co-operation.

In the evening there was a meeting of school authorities to discuss the question of scouting in educational institutions.

The Conference will continue on Sunday, beginning with a demonstration by scouts on the Gowalia Tank Maidan.

A THOUGHT FOR THE DAY

As to the people saying a few idle words about us, we must not mind that, any more than the old church steeple minds the rooks crowing about it.

—George Eliot.

The Bombay Chronicle

CONGRESS REACTION

The Congress Working Committee's resolution on the British Government's statement of Feb. 20 is designed and calculated to be a most helpful basis for a general settlement in India on the one hand and between India and Britain on the other. In spite of several uncertainties and other defects in the statement the Committee welcomes it in the Government's definite intention to transfer finally by June 1948, and "to take steps to that end in advance". The words about steps in advance are obviously based on the following sentences in the Government's statement: "Although the final transfer of authority may not take place until June 1948, preparatory measures must be put in hand in the efficiency of the civil administration should be maintained and that the defence of India should be fully provided for, but inevitably, as the transfer proceeds, it will become progressively more difficult to carry out to the letter all the provisions of the Government of India Act, 1935". The preparatory measures and the relation to the provisions of the Government of India Act of 1935 are doubtless essential for the smooth, steady and progressive transfer of power culminating in the final transfer of authority before June 1948. But what are to be the preparatory measures? The Congress Committee is both logical and realistic when it suggests the following as the best course: "The transfer of power, in order to be smooth, should be preceded by the recognition in practice of the Interim Government as a Dominion Government, with authority over the services and administration, and the Viceroy and Governor-General functioning as the constitutional head of the Government. The Central Government must necessarily function as a Cabinet with full authority and responsibility. Any other arrangement is incomplete with good Government and is peculiarly dangerous during a transitional period full of political and economic crisis." The course proposed by the Congress Committee does not in the least fetter the freedom of the British Government to accept the transfer of power, but it does terminate the nature of the final transfer of power. But if that Government is sincere in its pledge to "do all in our power to encourage the formation of a such a Government as was put forward by the Cabinet Mission and in accordance with the procedure suggested by them", it follows that a near approach to this objective should be made at once.

The Congress Working Committee also wisely suggests that the British statement has made it essential for India to expedite the work of the Constituent Assembly "so that the constitution for an Indian union and its constituent units should be finally prepared and given effect to well within the stated period to facilitate the transfer of power". To this end the Committee invite "all the representatives of the Muslim League, who have been elected to the Constituent Assembly to join in this historic undertaking. The Committee has also specifically invited the All-India Muslim League to nominate representatives to meet representatives of the Congress in order to consider the situation that has arisen and to devise means to meet it". We fervently hope that the League will soon respond to the invitation by choosing its representatives and that an early meeting between these and the representatives of the Congress will enable the League to join the Constituent Assembly at an early date.

The League has no need to fear, after all the assurances given by the British Government and the Congress, that the Constituent Assembly will seek to impose any constitution on unwilling Muslims. The Congress Committee has now reiterated its view on this point in the following unequivocal terms: "It has been made clear that the constitution framed by the Constituent Assembly will apply only to those areas which accept it. It must also be understood that any province or part of a province which accepts the constitution and desires to join the Indian cannot be prevented from doing so. There must be no compulsion either way, and the people will themselves decide their future. This peaceful and co-

operative method is the only way to make democratic decisions with the maximum of consent. And in view of the terrible disturbances in the Punjab the Committee adds: "These tragic events have demonstrated that there can be no settlement of the problem in the Punjab by violence and coercion and that no arrangement based on coercion can last. Therefore it is necessary to find a way out which involves the least amount of compulsion. This would necessitate a division of the Punjab into two provinces, so that the predominantly Muslim part may be separated from the predominantly non-Muslim part." That is doubtless one fair way to prevent compulsion but alternative methods of preventing both compulsion and partition should of course be considered first. The Congress Committee has announced its intention "to keep in close touch with the representatives of the Sikhs and other groups concerned, with a view to co-operating with them in the steps that may have to be taken and in safeguarding their interests". Special negotiation between all the Punjab groups concerned are essential and they should not be delayed.

Frankly Speaking

Sind And Immigration

Mr. Ghulam Hussain Hidayatullah and the Sind Government deserve to be congratulated on the courageous frankness with which they have, in a Press Note, stated the real situation as to the alleged availability of agricultural land for intending Muslim immigrants from Bihar and other Provinces. This authoritative statement has obviously been necessitated by what amounted to an invitation to Muslim immigration by such a responsible man as Mr. A. Khuroo, who is virtually the deputy Premier of Sind. Minister Khuroo on the other day painted a rosy picture of immediate possibilities and declared that so many words that refugees from Bihar and elsewhere could have some 60,000 acres of agricultural land almost for the asking. The actual position, as the Press note reveals, is that there is no certainty that the particular 60,000 acres "will be available for the present immigrants even in 1949 or at any later date." We need hardly emphasise the last four words.

Frank And Timely Warning

That is not all. In obvious repudiation of an earlier Ministerial assurance that Note gives a warning in clear and unmistakable language. It needs to be repeated here: "Any immigration to Sind with a view to settlement of agricultural land in advance of an authoritative declaration from the Government on its availability is fraught with grave risks. There is very little land under command of irrigation available. When people who are trying to serve political ends by exploiting the tragedy of Bihar and in the pursuit of those aims they play with the lives and future of a mass of poor innocent men with complete cynicism, with what have happened to the unfortunate immigrants if a few thousand families had gone to Sind in the conviction that 60,000 acres of fruitful agricultural land were awaiting them? The Sind Government has by issuing its warning certainly destroyed the political propaganda but it has also discharged a humanitarian duty by sparing thousands untold misery. As to the conduct of those who, being in responsible positions, yet issue irresponsible invitations without regard to the interests of the invitees, the less said the better. For the sake of the intending "refugees" we hope that the Sind Government's Note receives full and wide publicity and that it effectively puts a stop to the campaign of misleading the unfortunate "refugees."

Dutch Corroboration

Seven Dutch journalists, who had been on a visit to Malaya to attend the session of the Provisional Republican Parliament of Indonesia have, on their return to Batavia, issued a joint statement, which will not be likely to be ignored by the British but should deserve the attention of the democratic world. They have no doubt that "the desire for freedom is to be found among large groups of the Indonesian population and is not restricted to a small group of leaders. This is an answer to Imperialist diehards who always, as an argument which is as chronic as it is absurd and deliberately false, urge that political leaders do not represent the masses. Mr. Weston Churchill has his faithful replicas in Holland too as, in fact, in every European country with an "Empire". The Dutch journalists have said more. They affirm that what Indonesians are inspired with is the desire to build a democratic State and not any hatred towards the White or hostility towards the Dutch. In fact, they hold, that once Indonesia wins her independence her people will be disposed towards friendly co-operation with Holland. All this is nothing more than an honest corroboration of facts. But coming as it does from citizens of Holland it is very welcome.

A Zionist "Protests"

Not a day passes without a whole series of all sorts of terrorist outrages being perpetrated by the "army" in Palestine. The whole world knows about these outrages and the whole world knows that the so-called "terrorists" have openly and, indeed, repeatedly proclaimed themselves in a state of "war" with the British. The British for their own reasons persisted in a policy of appeasement and it was only when they could no longer excuse themselves on the plea of assurances by responsible Jewish leaders that they reluctantly adopted a defensive attitude. That is not liked by "responsible" Jews. The leader of American Zionists, Rabbi Silver, has actually the audacity to denounce martial law in Palestine and to say that this British move is "part of a carefully calculated plan to bring about economic strangulation of Palestine Jewry." Rabbi Silver's protest can deceive no honest man in the world who is not deliberately Zionist. But it shows the lengths to which Zionists are willing to go in the effort to rob the Arabs of their homeland.

Our Readers' View

Which Way Indianisation?

Sir,—It is now five months since the Interim Government has been in power. Despite the assurance given by the Member on the floor of the Assembly that European personnel will be recruited or retained only in cases of Indians of suitable qualifications are not available, things seem to be moving in a different way. In the Naval Store Department of the R.I.N. not only no effort is being made to replace the present European personnel but, instead, new posts are being created and filled in by persons freshly brought from U.K. Even though at present there are six Indian foremen of Stores, some of whom are well qualified and have many years' experience to their credit, yet none of them is being considered suitable for a newly created post of Principal Foreman of Stores. In itself there is no necessity now. During six strenuous years of war the department was carrying on without any Principal Foreman and now when the work is much reduced, why should an additional post be created? Further, why not one of the six well experienced Indian Foremen be tried for the post before importing a foreigner? Again while the salaries of the Indian personnel have yet to be fixed in the light of the recommendations of the Central Pay Commission, the salaries of the Indian Foremen are being fixed at high rates. As an example I may quote the present rates of pay fixed for the European Personnel.

P. M. Director of Stores (New Delhi) Rs. 1700
Naval Store Officer (Bombay) Rs. 1700
Dy. Naval Store Officer (Bombay) Rs. 1350
Dy. Naval Store Officer 2 (Bombay) Rs. 1250
The present rates of pay for the Indians next below them are:

P. M. Assistant Naval Store Officers Rs. 340
Foreman of Stores Rs. 300
Storehouseman Rs. 208
Storehouse Assistants Rs. 90
Storeman Rs. 45

Will the Government of India immediately look into the back-door activities going on in the Naval Store Department of the R.I.N. Yours, etc.

Educational Department's Petty-Mindedness

Sir,—Our popular Educational Inspector, G. S. Krishnaya recently organised a series of interesting and instructive lectures by eminent educationists such as Acharya Kripalani, Miss Sweeney of U.S.A., Sir John Forrester, for the benefit of secondary teachers. He never allows any opportunity to slip away whenever any prominent educationalist visits Bombay. We all secondary teachers are very much obliged to him for all that he has been doing for us to improve the quality of secondary education. These lectures were not organised under the auspices of any of the local associations of teachers but by a responsible and leading officer of the Educational Department, we naturally expected that the expenses incurred by these lectures would be met from Government funds at the disposal of the divisional Inspector. Dr. Krishnaya has been doing all this as one of his duties as an Educational Inspector and he is quite right in doing so and for nothing else. It appears, however, that Government is not prepared to sanction any amount for these activities and it has become necessary for Dr. Krishnaya to approach secondary schools to contribute towards the expenses incurred by him in connection with these educational activities. Last year Dr. Krishnaya convened a meeting of the heads of secondary schools and appointed a committee to organise an exhibition of teaching Aids, a tea party, and a meeting at Bandra unprecedented in the history of secondary schools in Bombay. The committee was headed by the Rev. G. W. Bishop of Lahore, and attended by over 2,000 teachers from secondary schools. All the expenses were then borne by secondary schools and the Government Educational Department did not condescend to contribute anything.

A resolution requesting Government to admit expenditure for the purposes of grant-in-aid incurred by schools in respect of educational activities such as conferences, refresher courses, lectures, exhibitions, etc., if organised by associations of secondary teachers, passed by the conference of Provincial Federation of Headmasters' Association, held at Bombay in 1944. I am sorry to point out, has been rejected by Government. When lakhs of rupees are being spent on other educational activities such as Literacy Campaign, Basic Education, Visual Instruction etc., it is surprising that Government should refuse to sanction a few hundreds for such activities as have been organised by the Rev. G. W. Bishop. I am sure that the Government is pleased to throw off its present policy and angle of vision towards secondary education.

Jawahar Stresses Ideals Of Education In Message To Doon School Day

DEHRA DUN, March 9 (A.P.I.): The Doon High School, which appeared today when it celebrated its Founder's Day in the presence of a large number of invitees, including parents and guardians, Sir Akbar Hydari, who has been one of the founders of the school, presided. A programme for the celebration was made and as it was the first held since the outbreak of the last war, great enthusiasm marked the occasion. Pandit Jawaharlal Nehru sent a very cordial message which was received with great cheering.

Pandit Nehru said:—
I am sorry I am unable to be present at the Doon School for its annual convocation. I should have liked to go there and to meet the boys and the teachers. India is changing rapidly today and very soon she will be a free and independent country. A nation, however, is not a collection of individuals. It is a community of people. Fresh British Move For Settlement In Indonesia

(APPEAL TO BOTH PARTIES TO GO AHEAD WITH SIGNATURE OF CHERIBON AGREEMENT)

LONDON, March 9. (Reuter): Britain recently took the initiative in urging both the Dutch Government and the Indonesian Nationalist leaders in Java to go ahead with the signature of the Cheribon Agreement designed to lay the basis of a new constitution for the Netherlands East Indies, a Foreign office spokesman in London confirmed this evening.

The British approach was made through the Dutch Embassy in London and through the British Consul in Batavia some 10 days ago.

The Cheribon agreement was worked out in principle last autumn between Indonesian leaders and the Dutch Commission-General led by the former Premier, Prof. Willem Schermerhorn who succeeded in drawing up a plan for a new constitution of the Netherlands East Indies with the continuance of links with The Hague.

HITCH OVER INTERPRETATION OF AGREEMENT

Subsequently, however, the Indonesian leaders dissented from the interpretation of the agreement placed upon it by the Dutch Minister of Colonies in the States-General. The Dutch Parliament, the agreement has never yet been signed and the delay has been accompanied by sporadic revival of fighting in Java to which the British Foreign Secretary, Mr. Ernest Bevin, drew attention with regret in a speech in the latest Foreign Affairs debate in the House of Commons.

Britain, in addition to urging that the signing of the agreement should be speeded up, is understood to have drawn attention to the unfortunate economic effect of the renewed friction which has led to the imposition of Dutch blockade on Indonesian rubber exports with consequent check to prosperity.

AMERICAN AID TO GREECE AND TURKEY

Piecemeal Approach Criticised; Announcement On Greek Situation To-day

WASHINGTON, MARCH 9 (Reuter): President Truman will probably make his announcement on the Greek situation on Monday after conferring with Congressional leaders, a White House spokesman said today.

It is generally expected that President Truman will ask Congress for from 200,000,000 to 250,000,000 dollars for aid to Greece, but officials here describe as purely speculative many of the reported details of the amount being asked for food services and other items.

The figures are being worked out on the basis of:

1. Figures supplied by the British Ambassador Lord Laverghie.
2. Discussed Greek affairs with the acting United States Secretary of State Mr. Dean Acheson today.
3. Reports coming in from Paul Porter's Economic Mission now in Greece.

FUNDS TO AID TURKEY

President Truman has also to decide whether to contribute to aid Turkey and take over British financial commitments in other parts of the world. Congress advisers are reported to be pressing him not to endanger the passage of the legislation to help Greece and possibly Turkey by raising the larger issue created by Britain's inability to bear the financial burden of all her world responsibilities. On the other hand, the President is being criticised in some quarters for intending to make a piecemeal approach instead of asking for immediate funds to deal with the increasingly critical world situation.

Details of information provided by the British Ambassador today have not been disclosed but Britain is understood to have provided £240,000,000 worth of supplies and services to Greece since the end of the war and another £400,000,000 in cancellation of loans.

U.S. BECOMING HEIRS TO BRITAIN

Usually well-informed "Army and Navy Journal" described the United States as becoming heirs to Britain, France and China as a "single bulwark against Russian aggressive policies". It stated that the obligation to keep sea lanes open discharged by Britain for a century is now America's in conjunction with Britain and suggests that Congress will recognise the obligations by providing funds to discharge it.

FLOYD TO OVERTHROW HUNGARIAN REPUBLIC

BUDAPEST, March 9 (Reuter): Agents continue over an alleged plot to overthrow the Hungarian Republic and establish a regime similar to that of Admiral Horthy, Regent of Hungary during and before the war.

Many officers, civil servants and industrialists have been detained.

Turko-Bulgarian Frontier Closed?

LONDON, March 9 (U.P.A.): Radio Ankara today reported without confirmation that Bulgaria has closed the Turko-Bulgarian frontier.

It is suggested that this closing of the frontier may be a temporary measure connected with the changing of banknotes and securities in Bulgaria, the broadcast said.

YUGOSLAV MINISTER TO GREECE RECALLED

INDO-BRITISH ALLIANCE

Schuster Urges Immediate Consideration Of Joint Defence Problems

LONDON, March 9 (IPA): Press campaign here for Indo-British Military Alliance continues. The latest is an article by Sir George Schuster, former Finance Member in the India Government, supporting the Tory section whose views were expressed by Lord Halifax recently accepting the necessity of transfer of political power to Indian hands but urging immediate consideration of problems of joint Indo-British defence. Sir George Schuster's address was expressed by Sardar K. M. Panikkar, Dewan of Bikaner, in his pamphlet, "Basis of Indo-British Treaty", published in June last by the India Council of World Affairs, Delhi as guiding lights for responsible Indian statesmen.

ANTI-AUNG SAN DRIVE STARTS

RANGOON, March 9 (APA): The theory that Great Britain intended concentrating her future Empire in Africa, making a Mediterranean stronghold from Gibraltar to Suez, was put forward today by Dr. Ba Maw, head of the Burma State League, when addressing a meeting sponsored by the MAHABAMA (Greater Burma) Organisation, of which Ba Maw is the Chief Adviser.

The meeting was organised to condemn the Aung San-Atlee Agreement, and devise ways for the attainment of Burmese independence. Ba Maw told his audience that there is no need to demand independence as the British designed by troubles on all sides, instead quitting their far-flung territories. Already, he added, they have named a date for quitting India.

THREE PILLAGED

The former Premier claimed that the British pillaged the country three times: First, by destroying "Burmese financial structure established by my Government under the Japanese"; second, by destroying the Burmese economy by Allied bombing; and third, establishment of British projects by borrowed capital which the Burmese would have to repay.

The meeting passed a resolution condemning the Aung San-Atlee Agreement and urged the immediate declaration of independence with full transfer of powers to Burma.

NO COMPARISON WITH INDIA

Dr. Ba Maw declared: "Whereas India today is in a position to throw off all traces of British rule by June next year, Burma's political future hangs in balance, with the Governor still vested with supreme authority on all important issues and membership of the so-called Interim Government functioning merely as advisory council."

28 SHOT DEAD IN BURMA TRAIN 'DERAILMENT'

RANGOON, March 9 (A.P.A.): Medical autopsy carried out on bodies of 28 passengers killed during derailment of a passenger train about 30 miles from Thagat, in Central Burma, showed that they died from bullet wounds and not injuries received during derailment. It was authoritatively stated today.

Investigation into the derailment proved deliberate removal of fishplates and dogkeys. Immediately the train was derailed, armed bandits launched an attack, killing 28 people, including seven British soldiers and one Indian soldier, and six railway staff, five of whom were Indian. Fourteen others were injured.

Railway authorities described the derailment as a "carefully planned ambush." In view of the location which was in a narrow gorge between rising hills. From both sides of the gorge bandits pumped bullets into the wrecked train.

DEVASTATED CITY

AMRITSAR, Immediately after the curfew was lifted for four hours today—from 10 a.m. to 2 p.m.—an Associated Press of India correspondent toured the whole city and obtained a first hand picture of the extent of the damage caused by the great fire. Kalra, Jaipur Singh, and Peshawara and Dhowk Dholairight upto Kucha Chhajju Messar is a huge mass of rubble. Heaps of charred bricks at places rise up from eight to ten feet.

Shopkeepers who met the correspondent told him that the havoc caused by the fire was much bigger than the one caused by the earthquakes in Quetta and Bihar.

At places persons shot down by troops were lying and ashes of persons killed and burnt by rioters were also seen.

The ration depots opened today after four days and thousands of people were seen flocking to obtain their rations.

Night passed off peacefully. The city was heavily patrolled by British troops and armed police.

The patrols opened fire several times to enforce curfew.

Muslims Welcome Mahatma's Arrival

Presence Serves To Restore Confidence In Minority Community

PATNA, March 9 (UPI): Mahatma Gandhi's presence in the city has served considerably to restore confidence in the minority community. His message at a prayer meeting exhorting the Hindus of Bihar to utilise the 'Holi' festival in reviving their old friendly relations with the Muslims seemed to have the desired effect.

During the Holi celebrations much fraternisation was evidenced among the members of both the communities when greetings were exchanged.

Son Altitara, a Muslim leader, said to the United Press of India: "We welcome Mahatma's arrival here and hope that his presence would serve to restore our former friendship and ensure safety to our lives and property."

TALKS WITH GHAFAR KHAN

Khan Abdul Ghaffar Khan had a number of interviews with Mahatma Gandhi ever since his arrival here. The Frontier Congress leader is also staying at the residence of Dr. Syed Mahmud, like Mahatma Gandhi.

Early this morning, both Mahatma Gandhi and the Frontier Gandhi walked together shoulder to shoulder on the banks of the Ganges and had prolonged talks.

He met Mahatma again at the latter's room this afternoon.

Relief Fund

PATNA, March 8 (API)—Mahatma Gandhi has been requested to ensure the proper administration of Muslim Welfare in strict accordance with Mohammadan Law and in consonance with the wishes of their founder.

Mahatma Gandhi asked them to submit in writing their demands and promised that he would discuss them with the Bihar Ministers.

Earlier in the afternoon, Colonel Mahboob Ahmed of the I.N.A. had an interview with Mahatma Gandhi in the course of which he suggested certain measures for restoration of confidence among the Muslims of the province and for their rehabilitation.

Gandhiji Warned

PATNA, March 9 (A.P.I.): The following is the authorised version of Mahatma Gandhi's yesterday's post-prayer speech.

Mahatma Gandhi said at the prayer meeting that he hoped the audience would forgive him for his being always exclusive on the theme which had brought them to Bihar. "It had become his duty to listen to the tale of woe that Muslims suffered without being able to do anything to help them."

He claimed to do them service by opening their eyes to their wrong doing. They must not resort to wrong doing by hearing wrong reports or by listening to the propaganda of the Hindu fanatics. He said that he was a Hindu and he invited every one of his audience to feel likewise. And such he would forfeit his claim to be a Hindu if he bolstered up wrong-doing of his fellow Hindus or any other fellow being.

He said that he was a Hindu and he invited every one of his audience to feel likewise. And such he would forfeit his claim to be a Hindu if he bolstered up wrong-doing of his fellow Hindus or any other fellow being.

Referring to the Punjab Disturbances, Mahatma Gandhi stated that those who acted in such manner in any part of the country did not serve either their religion or their country. They simply helped to retard the cause of independence through their own fault.

In the Punjab, these disturbances, he pointed out, had only served communities and several meetings have taken place.

During the course of the day there have been a few stabbing incidents reported.

IN AMRITSAR

In Amritsar on the 8th all main gates and street crossings were held by pickets and apart from some shots fired at looters or persons breaking the curfew there was no happening of importance. Arrangements were made to round up goods and out of 65 pulled in 22 were found in possession of looted property.

SWARN SINGH'S TOUR

Sardar Swarn Singh, leader of the Panthic Party in the Punjab Assembly and former Minister for Development, visited a large part of City today. He impressed upon the inhabitants to maintain peace and tranquillity.

Sardar Swarn Singh accompanied by Diwan Bahadur S. P. Singha, Speaker of the Punjab Assembly, visited the Mayo Hospital where they spent about an hour enquiring about the condition of the injured persons.

Diwan Bahadur Singha also visited the affected areas in the city along with Mr. C.E. Gibson and Mr. Briljal and appealed to the people to maintain peace.

PUNJAB TO OBSERVE ANTI-PAKISTAN DAY

LAHORE, March 9 (A.P.I.): Anti-Pakistan Day will be observed throughout the Punjab on Tuesday March 11, says the President of the Anti-Pakistan Council of Action in a statement to the press.

He adds: "There should be peaceful hartal and total suspension of business. On that day let us also solemnly renew our pledge to resist Pakistan by all peaceful and legitimate means."

"In view of the prevailing situation in the province it is directed neither processions be taken out nor public meetings be held. Remember that complete non-violence and perfect discipline are essential for our success."

STABBINGS IN LAHORE

LAHORE: The Punjab Government 'communique' issued at 10-15 p.m. on the situation in the Province says:—

"There were one or two stabbing cases last evening. The night however despite some shouting was reasonably quiet."

Today generally the town is quiet and the people are moving about and shops opening.

The atmosphere in the Railway Area has also improved today. The outward signs of arrangements made to give protection to the public and railway workers have had their effect. There has been considerably less activity among political leaders of all

"BETTER CHANCES OF CONGRESS-LEAGUE UNITY TO-DAY"

Indian Dispute Is Now Narrowed Down To Domestic Quarrel, Says S. K. Patil

CALCUTTA, March 8 (A.P.I.): Mr. S. K. Patil, President of the Bombay Provincial Congress Committee, paused through Calcutta today on his way to Mysenaghat to preside over the Bengal Provincial Students' Congress Conference to be held tomorrow at Kanhar in Mysenaghat district.

During his brief stay in Calcutta, Mr. Patil gave an informal talk on the present political situation in the country, to prominent Congress leaders and workers. He said that a very great responsibility had fallen on the Congressmen due to the fast developing political situation in the country.

Describing the British Premier's declaration of February 20 as unequivocal and emphatic, Mr. Patil said that in its substance, it did meet the Congress demand embodied in the India resolution of 1942. All these years, Mr. Patil continued, we had been telling the British Government that there would neither be peace nor unity, much less any freedom, in this country unless the British power was withdrawn. He used to have now argued that the Congress and the Muslim League would never come together so long as British rule continued here. If these arguments were correct then the Congress had no alternative to welcoming the Quit India declaration of the British Premier. "We have now to face the responsibility of accepting power when it is transferred to us and to consolidate it in the interests of the 400 millions of our countrymen. In spite of political appearances today, I am confident that there are better chances of Congress-League unity today than there were ever before because the Muslim League has to face facts. Hitherto the leaders of the Muslim League could afford to be recalcitrant because there was the third party on which they could depend. With that third power having now abdicated, the League has to be with the Congress, as the largest and most formidable political party representative of public opinion in this country."

DOMESTIC QUARREL

"The dispute," Patil added, "has therefore narrowed down to a domestic quarrel between two brothers or one family and hence the chances of its being settled in the altered circumstances." Appealing to Congress workers, all over India to consolidate their ranks, Mr. Patil said: "Congressmen must know that they can no longer depend on Gandhiji to give them day-to-day lead as he had done during the last 25 years. His mission was to free India. He has now devoted himself to a higher mission in the pursuit of which he is moving all along in the far corners of the country. They cannot also expect daily guidance from the Congress High Command which has its own responsibilities and also difficulties. They must now be prepared to work on their own initiative without swerving from the path which their great leader Mahatma Gandhi has given them."

STALIN GIVES BURIAL TO GERMAN MILITARY SCIENCE

MOSCOW, March 9 (Reuters): Generalissimo Stalin in a letter to the Soviet Military Historian, Col. E. Razin, has declared that the "science" of warfare into which the world has evolved, demands a new military ideology.

In his fifteen years' preparation of his eight-volume history of the Military Art, the Colonel found himself wondering whether Lenin's praise of Clausewitz, German military theorist, was merited and still valid. He wrote to Marshal Stalin, who replied in a letter published last night: "Lenin never considered himself an expert on military questions and his remarks about Clausewitz did not touch on purely military aspects."

STALIN'S REPLY
Marshal Stalin declared that Lenin's interest in Clausewitz applied only to matters demonstrating the connection between war and politics and added: "We are obliged in the interest of the military art, to turn to the study of Clausewitz, not only Clausewitz, but also Moltke, Schlieffen, Ludendorff, Keitel and other bearers of the German military ideology."

Germany, he said, was defeated twice in wars she forced upon the world, which meant that Germany's military ideology did not stand the test. The respectful attitude of military people towards German military prestige should stop. "Clausewitz is antiquated now," he concluded "and it would be ridiculous to take lessons from him."

FRANCO-NORWEGIAN AGREEMENT
On Share Capital Of "Heavy Water" Production Company

OSLO, March 9 (Reuters): A draft agreement has been initiated in Oslo by a French delegation and the Norwegian authorities concerning the share capital of the "Norsk Hydro", Europe's most important plant for the production of "heavy water"—an important element in some processes for the manufacture of the atomic bomb. Differences had arisen between France and Norway after confiscation by the Norwegian Government of 7,500 "Norsk Hydro" shares taken over from French holders by the Germans during their occupation of France.

Under the agreement, which was initiated in Oslo on March 7, and which it is hoped to sign formally very soon, Norway will retain a majority of 52.2 per cent of the shares while the French Government will be able to compensate French shareholders out of former German assets in Norway. The French interests will continue to be represented on the "Norsk Hydro" Board of Directors as before. Agreement has also been reached between the Norwegian Government and the "Norsk Hydro" under which the state controls as 44 per cent of the shares. The text of the agreement will not be published until the signatures have been ratified.

Hungerstrike In Srinagar Jail Continues

SRINAGAR, March 8 (U.P.I.): Today is the tenth day of hungerstrike in the Central Jail in Srinagar. The number of hunger-strikers is more than 55 and the condition of two or three of them is causing some concern.

It is learnt that the hunger-strikers have telegraphically informed Pandit Jawaharlal Nehru, Maulana Abul Kalam Azad and other leaders that it was not expedient to give up the hungerstrike until their grievances were redressed.

PARIS, March 9 (Reuters): An attempt to refloat the "Liberte" German liner "Europa"—now lying in the Le Havre harbour, will be made on March 23, weather permitting, it was reliably learned here today.

KASHMIR DETENUS' DEMANDS

Govt. Determined Not To Be 'Coerced' Into Submission

SRINAGAR, March 8 (A.P.I.): The Kashmir Government in a press note issued today explains its position on the demands of the detainees on hunger strike in the Srinagar Central Jail and says "reasonable facilities and amenities have been provided and will continue to be provided, though in certain cases they even go beyond the strict provisions of the jail rules."

The press note adds: "Arrangements have been made for the supply of better food. Books and newspapers from public libraries have been given to supplement the books purchased by the detainees themselves subject to the approval of the District Magistrate for physical exercises have also been granted to the extent possible in different places of detention."

Students under detention have been offered reasonable facilities for resumption of studies including the supply of books prescribed in their syllabuses.

The press note goes on to say that the Government will not allow themselves to be 'coerced' into submission by the demands which the 'detenus' know it will be impossible for the Government to concede.

French Appreciate Vedanta
CALCUTTA, March 9 (A.P.I.): The Head of the Ramakrishna Vedanta movement in France, Swami Siddheswarananda, said last night that there was increasing appreciation of Vedanta philosophy among the French intelligentsia.

The Swami, who was speaking at a public reception given to him said that there were thousands of devotees of the Vedanta in France. Vedanta philosophy had influenced the French in three ways: by propagating the ideal of religious toleration, by giving a rational explanation of the failure of the intellect as the sole interpreter of all expressions, and by showing the limitations of science. He believed that Indian philosophy would in the near future bring about a renaissance.

Swami Siddheswarananda, who is on a visit to India, will leave for France by the end of this month.

J. J. Singh In Lahore
LAHORE, March 9 (A.P.I.): Mr. J. J. Singh, President of the India League in America, arrived in Lahore yesterday from Delhi. During his stay in Lahore Mr. Singh will study political developments in the Punjab. He has already met members of the Congress, Muslim League and Akali parties.

No Change In Procurement Policy

The Director of Publicity, Government of Bombay, writes: The Government of Bombay desires to reiterate that it does not propose to alter its procurement policy and it is absolutely essential that every person in the Province of Bombay who has surplus grain should put it into the common stock.

The amount, which a producer may retain for his own purposes, is that which remains with him after he has met any demand made upon him by the Government under the levy. As repeatedly explained, the demand is calculated in such a way as to ensure that the amount left with the producer is sufficient for his ordinary needs. The present rules allow for correction and revision in cases where it is found that a mistaken demand is made. At the same time it is hoped that, where the levy leaves considerable surpluses with a producer, these surpluses also will be voluntarily sold to Government, as has been done in the past. In the meanwhile, it is emphasized that any activity, which causes obstruction to the operation of the Government monopoly of purchase and of the levy in particular, must be regarded as antisocial in the highest degree.

SPORTSMAN SPEAKS ON POLITICS

The Secretary, Bombay Provincial Forward Bloc, writes: Col. A. S. Dara, the Olympic player now captaining the Punjab Provincial Hockey Team participating in the Inter-Provincial Hockey Matches in the City, addressed on Sunday Morning the Forward Bloc workers of 'A' Ward at the Forward Bloc Office.

Col. Dara, who was in the Azad Hind Force, stressed the necessity for communal unity and welcomed the suggestion mooted by the Forward Bloc to form an Azad Hind Socialist Party. He appealed for increased public assistance to the ex-I.N.A. men now in difficulties. He asked the younger generation to prepare for the post-war revolution envisaged by Netaji for the establishment of a Socialist Republic.

HINDU SABHA WELCOMES BRITAIN'S DEADLINE TO QUIT

Plea For Transfer Of Power To Strong Centre: Anti-Pakistan Day On March 23

NEW DELHI, March 9 (A.P.I.): The Working Committee of the All-India Hindu Mahasabha in a resolution adopted today on H. M. G.'s statement of February 20 says that except for the deadline the declaration is vague and is likely to lead to unrest and strife in India. The resolution opposes transference of powers to Provincial Governments "with regard

to areas which are not fully represented in the constituent assembly owing to their own perversity." The Mahasabha appreciates the action of those states who have agreed to participate in the Constituent Assembly and calls upon the Assembly to proceed with the completion of its task and provide for a strong centre.

The Mahasabha Working Committee, by another resolution, congratulated the Hindus and Sikhs of the Punjab "for having built up a common anti-Pakistan front, and assures them of its whole-hearted support in their struggle against Pakistan." Expressing grave concern at the riots the resolution says that "these riots were brought about by a combination of the agents of the bureaucracy and Muslim League in order to terrorise the Hindus and Sikhs so that they may give up their agitation against Pakistan."

'PUNJAB DAY' ON MARCH 23
The resolution calls upon Provincial Sabhas to observe March 23 as the Punjab Day as a mark of their sympathy with the sufferings of the victims of the disturbances.

TEXT OF RESOLUTION

The Working Committee of the All-India Hindu Mahasabha is of opinion that except for the statement that the transference of power to responsible Indian hands will be effected by a date not later than June 1948, the whole of the announcement of H.M.G. of 20th February is vague and is likely to lead to unrest and strife in India. The recent announcement militates against the previous statements and declarations of the British statesmen to keep intact the geographical integrity of India, the finding of the Cabinet Delegation that there is almost universal desire for the unity of India and H.M.G.'s avowed declaration of its intention not to allow a "minority to place their veto on the advance of the majority."

This Working Committee calls upon H.M.G. to transfer power and responsibility to a strong and independent Central Government which can effectively control the destinies of whole of India (Akhand Hindustan).

IMPERIAL GAME
The declaration of H. M. G.'s Government that the differences among Indian parties "are preventing the Constituent Assembly from functioning as it was intended that it should, that it is the essence of the plan that the Assembly should be fully representative and that H.M.G. had agreed to recommend to Parliament a constitution worked out in accordance with the proposals made therein by a fully representative Constituent Assembly imply that H.M.G. will not be prepared to recommend to Parliament any constitution drafted by the present Constituent Assembly.

The Working Committee considers that in making these statements H.M.G. is pursuing the old imperial policy of keeping India divided and these statements and their implications give a direct incitement to those who are putting obstacles in the way of India in achieving her freedom by deliberately keeping out of the Constituent Assembly.

THE QUALIFICATIONS AND RESTRICTIONS PUT BY H.M.G. ARE CALCULATED TO IMPEDE THE TRANSFER OF POWER IN

DADOO & NAICKER FOR INDIA

A.I.C.C. Requested To Arrange For Air Priority

ALLAHABAD, March 8 (A.P.I.): Dr. Dadoo and Dr. Naicker have been granted facilities and they are leaving Durban for India on March 11 to attend the Asian Conference. It is learnt here according to a telegram received at the A.I.C.C. office from Natal Indian Congress, Durban. The telegram requests the All India Congress Committee to inform Pandit Jawaharlal Nehru and through him arrange at the Air Ministry for doctors Dadoo and Naicker to enable them to reach Karachi in time for the conference.

Bill For Abolition Of Zamindari In Bihar

PATNA, March 8 (A.P.I.): A bill for the abolition of the Zamindari system in Bihar is ready and is being introduced in the full cabinet, it is reliably learnt. The Bill however will be sent up for examination to some eminent lawyers of the country before its introduction in the provincial legislature.

A PEACEFUL AND ORDERLY FASHION FROM BRITAIN TO INDIA. DEFINITE ENCOURAGEMENT TO LEAGUE?

The Hindu Mahasabha is strongly and categorically opposed to the alternative envisaged by the Cabinet Declaration, viz. transfer of powers to the Provincial Governments with regard to areas which are not fully represented in the Constituent Assembly owing to their own perversity. H.M.G.'s statement is a definite encouragement to the Muslim League to stay out of the Constituent Assembly.

The League is indirectly assured of getting sovereign status in the Muslim Majority provinces. This direct incitement to usurpationists to persist in the unreasonable attitude of continued non-co-operation in the constructive effort of constitution-making for the whole of India.

PRINCES' ACTION
The Hindu Mahasabha appreciates the wisdom of the rulers of those Hindu States, who have expressed their concurrence to participate in the deliberations of the Constituent Assembly in spite of all incitement to the contrary.

This Working Committee urges the Constituent Assembly to courageously proceed with the completion of the task and to frame a constitution on the principle of "one man one vote" for the whole of India which would provide for a strong Centre and decentralisation of all powers and responsibilities from H.M.G. to the Central Government. Having regard to the attitude of the Muslim League and H.M.G.'s latest announcement, the Constituent Assembly should no longer feel bound by the restrictions imposed upon it by the Cabinet Declaration scheme and the Assembly should frame a constitution irrespective of any artificial groupings and sections and without conceding any right to any part of India to remain outside Indian Union.

INCITEMENT TO PAKISTAN
The recent deplorable tragic events both in Bengal and in the Punjab indicate the incitement to Pakistan and the attempt to impose a communal domination upon the Hindus and the Sikhs would accelerate civil strife and would lead to cleavage and chaos and bloodshed.

It is not the desire of the British to forcibly disrupt India's unity and integrity then it is Britain's paramount and sacred duty not to permit the splitting up of India into warring zones, flitting Provinces but to liquidate British rule with honour to herself and leaving benefit to India by substituting a strong Central Government in an Indian Union in place of the present British power and the attributes of sovereignty should be vested in that Government.

It will be immoral and unconstitutional to impose Pakistan on millions of Hindus in Bengal and millions of Sikhs and Hindus in the Punjab and Frontier, Sind and Baluchistan against their wishes and to imperil their culture and their religion and their political, economic and civil rights, the Hindus must prepare themselves throughout the country to organise an effective opposition to Pakistan.

This Working Committee calls upon all sections and classes of Hindus and Sikhs to sink their differences and to establish anti-Pakistan Front throughout the country irrespective of party and political affiliations.

CZECH CLAIMS ON AUSTRIA

Negotiations Will Open Today

LONDON, March 9, (Reuter): Negotiations on Czechoslovakia's territorial claims on Austria will open at the Austrian Foreign Office on Monday, a Czechoslovak news agency reports. The Austrian Government has notified its willingness to open discussions and a Czechoslovak delegation of seven members is expected to reach Vienna tomorrow. Czechoslovakia has proposed three small adjustments of her frontier with Austria and has asked Austria to make concessions for this land which is uncultivated marsh on the banks of the River Danube, March and Thaya.

Submitting this proposal to the "Big Four" foreign ministers' deputies in London last month, the Czechoslovak Government explained that these three strips of land were needed for the building of two great dams and power stations and the Danube canal.

RACIAL OPPRESSION MUST END

India League Conference Plans In London

LONDON, March 8, (Reuter): A special delegate conference of the India League organised by the South Africa Committee of the League is to be held in London on March 15 to consider the South African Asiatic Land Tenure and Indian Representation Act. The Principal speakers will be Mr. V. K. Krishna Menon, Personal Representative in Europe of Pandit Nehru, Mr. Reginald Sorensen, British Labour Member of Parliament and Mr. H. N. Naik, one of the two South-African representatives to the recent Empire Communist Conference in London.

Setting out briefly the latest position, the South Africa Committee of the India League says "in the Union itself, a critical situation exists. Hundreds of Union citizens who are Indians by race are in jail and both Africans and Indians live under a regime of racial domination. We feel sure that the British Public, which abhors racial discrimination, whether it be against the Jews, Africans or Indians, would desire to consider this problem and get that their support is not lent to such discriminatory policies and racial oppression."

U. S. AND INDIA'S TRADE CONTROL

NEW YORK, March 9, (Reuter):

A report on United States credit to Britain prepared by the International Finance Committee of "the National Foreign Trade Council," commented on future trade between the United States and India. The report stated: "During recent months there has been a trend toward gradual relaxation of import controls in India giving credence to the belief that present exchange and licence controls are temporary measures prompted largely by abnormal conditions on trade. Trade circles in India are generally optimistic about the possibility of further relaxation of trade barriers between the United States and India as the result of credit to Britain. "A strong sentiment exists in India however, for retention of some trade controls as the means of directing and fostering industrialisation of the country."

Transfer Of Sterling Restrictions Relaxed

NEW YORK, March 9, (Reuter): Restriction on transfers of sterling to the United States, Argentina, Canada and New Zealand accounts have been eased in varying degrees, declares a report by the International Finance Committee of the "National Foreign Trade Council" here. Negotiations are also under way to extend further facilities for multi-lateral transfers the report adds. Commenting on the Anglo-American Financial Agreement, the report says: "A definite progress in securing relaxation of trade barriers and elimination of discriminatory practices has been made as a result of the Anglo-American financial agreement."

Rivals Of U. Aung San To Contest Seat

RANGOON, March 7, (Reuter): Two prominent leaders of Rangoon's China town supported by the Chinese Chamber of Commerce will be the rivals of U. Aung San in the election contest at the West Rangoon Constituency of Lannadaw. The Chinese candidates to the Burma constituency constituent Assembly are A. W. Shu, former member of the Legislature, and Khoo E. Kow, a businessman. Another candidate contesting the election at this constituency is a party of which is the Chinese town of Rangoon—a Burma Modern woman, Daw Saw Shw, nominated by the Anti-Fascist Peoples Freedom League.

An arbitrary manner, we shudder to contemplate the future of our province when smaller men will have to face worse situations created by kaleidoscopic and more frequent combinations of groups and individuals for considerations other than of policy and programme.

"We therefore appeal to the Congress President to help Madras legislators to sink their differences and to reconstruct their Ministry under the tried leadership of Sri Prakasam."

Mr. Ayyangar and Prof. Ranga met Acharya Kripalani this evening.

"MILK"

GOVERNMENT MILK DISTRIBUTION SCHEME

SALE OF MILK CARDS FOR APRIL SUPPLY

INFORMATION FOR INTENDING PURCHASERS

1. MILK DISTRIBUTION CENTRES.

BOMBAY CITY

The centres at which milk will be supplied in April in BOMBAY CITY will, with the exception of morning and evening centres only, which will NOT be operated in April (having through the very small number of cards registered at them, proved too uneconomical in March) be the SAME AS THE MILK CENTRES OPERATING IN THE CURRENT MONTH OF MARCH. Lists of all the centres will be available for reference at all Government Grain Shops at which cards are sold. The 7 morning and 7 evening centres which, in Bombay City, will NOT operate in April are set out in (i) of foot-note hereto.

BOMBAY SUBURBAN DISTRICT

The number of Milk Centres in the Bombay Suburban District also has had to be reduced considerably for the same reason as in the City. Suburban centres that WILL operate in April (28 morning and 27 evening) are set out in (ii) of foot-note hereto.

2. SALE OF CARDS.

Milk cards will be sold at 208 out of the total of 232 Government Grain Shops in Bombay City, the Municipal Areas of the Bombay Suburban District, and Chembur. That is to say, cards will be sold at all Government Grain Shops in those areas, EXCEPT the Grain Shops enumerated in (iii) of foot-note hereto.

3. PERIOD AND TIME OF SALE OF MILK CARDS.

Sale of cards at the Government Grain Shops will commence from the morning of Wednesday, 12th March 1947, and will continue over March 13th, 14th, 15th, 17th and 18th, that is up till the evening of Tuesday, 18th March, with Sunday, 16th March EXCLUDED.

The hours of sale on all the above days will be 8 a.m. to 12 noon and 2 p.m. to 5 p.m.

4. APPLICATION FORMS NOT NECESSARY.

It is not necessary to fill in any application form. An intending purchaser has simply to go, or to send some one on his behalf, to any of the Government Grain Shops, other than the 26 specifically excepted, during the period and the hours stated, and purchase cards.

5. LIMIT OF PURCHASE. No one purchaser will be able to purchase cards for more than a total quantity of three seers of milk in one day.

6. REGISTRATION OF CARDS. After purchasing cards, purchasers will have to go to whichever Milk-Distribution Centre it may be from which they want to draw their milk or to the nearest MILK-DISTRIBUTION CENTRE REGISTERED AT THOSE CENTRES. It is again emphasised that not only can the cards be purchased at any Grain Shop, except for those 26 Shops specifically excepted, but THEY CAN BE REGISTERED AT WHICHEVER MILK DISTRIBUTION CENTRE MORNING AND/OR EVENING, OPERATING IN APRIL, SUITS A PARTICULAR PURCHASER'S CONVENIENCE.

IN BOMBAY CITY ALL THE PRESENT CENTRES OPERATE EXCEPT THE 7 (M) AND 7 (E) SET OUT IN FOOT-NOTE (i). IN THE SUBURBS IT IS ONLY THE 28 (M) AND 27 (E) CENTRES SET OUT IN FOOT-NOTE (2) THAT WILL OPERATE.

WARNING: It is absolutely necessary that cards should be taken by purchasers to be registered at the Milk-Distribution Centres from

7. PERIOD AND TIME FOR REGISTRATION.

Cards can be taken to Milk Centres for registration on any day including Sunday, 16th March during the period Wednesday, 12th March, till Wednesday, 19th March inclusive (i.e. period of registration extends for one day, viz. March 19th beyond the date for termination of actual sale of cards).

MORNING CARDS WILL BE REGISTERED AT MORNING CENTRES ONLY. EVENING CARDS WILL BE REGISTERED AT EVENING CENTRES ONLY.

8. SALE OF MILK AT PRIVATE CENTRES, BY AN AGENT NOMINATED BY CARDHOLDERS THEMSELVES.

The Milk Commissioner will give facilities by way of supply of milk under this Scheme to any group of cardholders living, for example in any one building, locality or group of chawls, etc. If the cardholders forming the group have purchased cards for an amount of milk totalling not less than 60 seers in the morning in Bombay City and not less than 40 seers in the morning in the areas concerned of the Bombay Suburban District, Milk will be supplied to such groups against evening cards also, but the criterion as to quantity, for acceptance of such group, is in relation to morning cards only. The milk, in such cases, will be delivered to any ONE PARTY who is nominated by the cardholders concerned, through a written consent which must be signed by all the cardholders AND BE LIVED WITH THE MILK COMMISSIONER NOT LATER THAN BY SATURDAY, 22ND MARCH, for purposes of scrutiny and record, the milk cards of the cardholders concerned must be presented, along with the written consent. The party thus nominated by a group will be paid Rs. 35 per month for doing the distribution work, ex-his premises and will be allowed a further sum of Rs. 20 per month for providing a salesman. The same allowance will be paid for evening distribution also, provided the evening milk concerned is 30 seers and above in Bombay City and 20 seers and above in the Bombay Suburban District.

This arrangement will give to any group of cardholders the facility of having a private centre of their own at or near the place at which they live and of having the work of distribution carried out by their own nominee. Such private centres will if necessary involve an addition to the total number of centres conducted directly by Government in the City and in the Suburban Areas in accordance with paragraph (1) of this advertisement, but in the event of circumstances permitting in any instance, a private centre could take the place of any particular advertised Government centre.
